C. R. K. Depot, to the bridge over said Limestone Creek, occasionally called by the logy element of the city "Bridge street" by erecting twelve beatiful cottages thereon and insamuch as times change and people are prone to change with them and the Bible says "Old things are become new." We therefore in order to keep pace with the times, ask of your honorable body that you should give said

thoroughfare the more mode n and appropriate name of "Myah Avenue" in honor of one of your august body who is also one of the leading business men of our thriving cuy and we know of no other who will more highly appreciate the honor so freely bestowed upon him without his solicitation as the atores dd

councilmen.

The above we respectfully ask and that the same shall be so entered on your records,

To the Hon. President and members of the City Council of Maysvibe, Ky.-Gentlemen: Learning that a petition, signed by a large number of the citizens of Maysville, citizens whose claim to high recutation and distinction can not be questioned, and who, probably, think they knew what they are doing, a petition praying your honorable body, without an act of the Legislature or the intervention of the County Court, to change the name of "Bridge street" to Myall Auenue, we respectfully inquire, "What't in a name?" "Myall Avenue'in the near inture will smell as sweet" by any other name. But the purpose of your present petitioners is not to reflect anything upon the honorable gentlemen upon Whom certain proud citizens seek to

nect anything upon the honorable gentlementuron whom certain proud citizens seek to throw a mantle of honor, or say aught against a name so honorable and partly tamous in the archieves of the city of Mayavile Said street would be almost unequal to the weight of honor heaped upon it, and the glory of its namesake would be reflected in the case of the mantal tambets. The following report was presented by the Committee on Wavs and Means:

We, your Committee, would submit the fol-lowing report: We have examined the As-ses-or's book and find it to be an unequal as sessment. In many cases property is assessed far below what it should be, but under the circumstances it is the best that can be done now. We would recommend that taxes be levied as follows, viz ,90c on the \$100

For general purposes 90c on the \$100 For school purposes 9c on the \$100 For sinking fund to pay interest on railroad debt 25c on the \$100

On motion of Mr. Hall the Marshal was instructed to enforce the ordinance

relating to the assessment of hogs, dogs and bitches. The Committee on Internal Improvements was directed to have the gutters from Sutton to Market street filled up

level with the pavement and to be so graded that water will run in them. The matter to be attended to at once. NEW YORK CITY in the past hundred

years has doubled its population on an average once in seventeen years. The population of the United States has doubled once in twenty-five years. The Sun says that at the rate of increase shown by the last twenty-five years alone -a rate diminished by the decline of American commerce and in the influence of the civil war-there are babies living who will know a New York City containing ten million people.
